Our Clients:

Our Experience:

Municipal Services for the 63RD Readiness Division Region 5

Nascence Group is currently providing janitorial services for the U.S. Army Corps of Engineers (USACE) under a \$10 million contract. Our services span 13 facilities across California, ensuring each location maintains high standards of cleanliness and hygiene. With a focus on quality and efficiency, we aim to support the operational needs of the USACE while promoting a safe and welcoming environment.

Municipal Services for the 63RD Readiness Division Region 4

Nascence Group is currently engaged in a \$4 million contract to deliver comprehensive janitorial and grounds maintenance services for the 63rd Readiness Division. Our team manages multiple facilities across Texas, Nevada, New Mexico, and Arizona, ensuring that each site is maintained to the highest standards. By focusing on quality and reliability, we support the operational effectiveness of the division while creating clean and well-kept environments for personnel.

Ground Maintenance Services at Multiple Locations in North California

Nascence Group has successfully delivered exceptional grounds maintenance services for the U.S. Army at eight Army Reserve facilities throughout California. Our dedicated team ensures that these sites are well-kept and functional, enhancing the overall appearance and usability of each facility.

Integrated Solid Waste Management at Cannon AFB

Nascence Group is providing Integrated Solid Waste Management services for the 27 Special Operations Civil Engineering Squadron at Cannon Air Force Base in New Mexico. Our comprehensive approach ensures efficient waste disposal and recycling practices, supporting the squadron's operational needs.

Integrated Solid Waste Management at Ellsworth AFB

Nascence Group proudly provides Integrated Solid Waste Management services for the 28th Bomb Wing at Ellsworth Air Force Base in South Dakota. Our team focuses on efficient waste management practices that promote sustainability and environmental responsibility. By ensuring effective waste disposal and recycling, we support the mission of the 28 BW while contributing to a cleaner, more sustainable base environment.
